

# Get documents signed 3x faster.

Streamline new hire onboarding and paperwork with e-Signatures.

Save time, effort, headaches, and paper cuts by automating the onboarding process and keeping new hire documents organized. With LASSO, you'll get documents signed 3x faster, even with your crew on the move.

## Key Features

Mobile App Onboarding for Crew

Manage Crew's Document Status

Create Unlimited Packets & Bulk Send

Central Place to Store Documents

## Why LASSO?

- **Fully Automated Process:** Streamline the onboarding process and keep new hire docs organized by automatically sending new hire paperwork digitally to your crew.
- **Mobile Access:** Crew can sign documents right on the LASSO app, making it easy to onboard them no matter where they are.
- **Secure Storage:** Signed documents are stored securely within LASSO so you never have to hunt for them through email or folders again.

"We had a solution, but it wasn't great. LASSO came in with great features and an event-based workflow and made it much easier for the team to schedule the staff, and communicate information to get the documents required."

-Kyle Malenfant | *Founder & CEO, Crossfire Sound*
